11 COUNCIL HOPEFULS AWAIT TUESDAY VERDICT

Eleven Candidates . . . . . But Just Three Open Seats

THREE four-year seats on the city council will be determined by voters here next Tuesday as a record field of 11 candidates (above) vie for duty at city hall. The job seekers (left to right, in order of ballot position): Incumbents Micheal DeBernardi, Sanford Vickers and Del Wilson, Peter Becker Jr., Gerald Colvin, Edward J. Dennis, John B. Drye, David J. Friedenberg, Joseph Lewkowitz, Edward T. Murphy and Robert "Bob" St. Clair. Sales tax and city manager administration are the main issues.

THREE VACANCIES

Record Balloting Looms

Eleven candidates, three vacancies, three major issues, 14,510 eligible voters and 34 precincts are the specifics for next Tuesday's "wide open" city council election.

The polls here (each staffed with four workers) will be open from 7 a.m. to 8 p.m., with more than 60 percent response the prospect.

First returns, according to City Clerk Evelyn Mosman, should be known by 10 o'clock Tuesday evening. As a special service to citizens, Marchbanks Publications, 3317 San Jose avenue, will be open election night from 8 to 11:30 p.m .to give callers "early returns and trends" as they come in. Numbers to call are PL 5-4321, PL 5-4322, PL 5-8543 and PL 5-8348.

Question Mark

The record number of candidates for the three four-year seats previews a question-mark outcome. Westlake voting response, where 16 of the 34 precincts will be located, appears to hold the balance of power.

Five of the office seekers live in Westlake, with much ballot division of this area expected.

Out to keep their jobs are incumbents Micheal DeBernardi, Sanford Vickers and Del Wilson.

Four of their eight competitors are making second bids for city hall duty. One is a former councilman with eight years of experience in office. Only two candidates are on a "team ticket."

The Issues

The current city manager administration and opposition to sales tax and freeways top the platforms.

Only four of 11 runners are outspokenly against present city manager administration. Only one is pro-sales tax, and all have joined the anti-freeway bandwagon—most placing priority protest against the proposed Alemany route through Westlake.

Vickers, Wilson and DeBernardi finished in that order to become freshmen councilmen in 1954.

Precinct turnout four years ago amounted to 4581 voters. In 1956, when two seats were at stake, 6180 citizens cast their choices. More than 7000 may participate Tuesday.

Thumbnail Outlook

The candidates, in alphabetical order:

Peter Becker Jr.—824 Templeton avenue, 60 years old, electrician, resident here for 32 years. Ran fifth in '56 council race. Anti-sales tax, satisfied with city management, strong for public works improvements.

Gerald S. Colvin—14 Wilshire court, 29 years, UC graduate, lighting engineer. Opposes the county method of reassessing property, challenges council for pushing through sales tax, seeks adequate hospital for Daly City, has confidence in city manager as "employe of city council."

Micheal De Bernardi — 172 East Vista, 32 years, local service station owner, incumbent, elected to council in '54 with third highest vote. Anti-sales tax, anti-city manager, anti-Alemany and other freeways, for budget-cutting.

Edward J. Dennis—156 Mateo avenue, 48 years, president of milk drivers union, served two previous terms on DC council, third in re-election bid two years ago. Against sales tax, anti-present city manager authority and budget-padding, against freeways, particularly Westlake route.

John B. Drye — 98 Montrose avenue, 36 years, USF graduate, sales representative, fourth in '54 council election. Anti-sales tax, would reorganize administrative branch to eliminate duplication of expenses and provide more services.

David J. Friedenberg — 15 Highlands, 33 years, UC graduate, attorney, North End De-

PAUL GREEN IN RACE FOR ASSESSOR JOB

Paul Green, former Daly City mayor and resident for 38 years, Friday became the third candidate for county assessor in the June 3 primary election.

A real estate broker and appraiser, 42-year old Green will be out to unseat incumbent Ralph E. Woodman of San Bruno, and to beat the third man, Dr. Harry J. Ryberg of Menlo Park.

Woodman was appointed to the county job last month to fill a resignation vacancy.

A Republican, Green has long challenged the county's "unfair" reassessment of property in north county, and heads the DC Taxpayers Association, battling city sales tax.

Green's abilities were evident during World War II when he quickly rose to the rank of major after enlisting as a private. He was elected to the council in 1946, holding this position until 1954.

Paul and wife Patricia are parents of Jimmy, 13, Susan, 11, Stephen, 8, Patrick, 5, and Timmy, 2. The family residence is 368 Northgate avenue.

Committee Polls Candidates On Freeway Routes

The Citizens Committee in opposition to Alemany and Skyline Freeway having polled each of the candidates for city council on their position concerning the proposed route of freeways in the Daly City area, announced the results today.

Although the candidates replying were unanimously opposed to any freeway which would be injurious to the city and its residents and businesses, the committee felt that their positions concerning the two proposed routes should be determined.

The candidates were asked: "If you are elected and you must choose between A) an East-West freway along Alemany boulevard and Skyline boulevard (Alternate A or any modification) or B) an East-Wet freeway south of Broadmoor drive (Alternate B or any modification), which would you support?"

Candidates Gerald S. Colvin, Edward Murphy, John B. Drye and Sanford G. Vickers felt that less injury would be done to the Daly City area and its

JUHS DISTRICT READY TO MAKE STATE AID BID

Supt. Ed Morgan said today the high school district would go on the state aid program next month by making an official request to the state allocations board.

He confirmed final state aid needs recently in Sacramento. Money for two Coastside schools and modernization of Jefferson hinge on the availability of state funds.

In special meeting next Monday night, Architect Mario Ciampi expects authorization to draw up plans and specifications for on-and-off-site work at Westmoor. This will include grading, perimeter streets, and erosion control.

Also to be discussed is the city's bid for seven acres of the high school property, contiguous to Doelger's proposed development, for a city park. Engineer Otis Calhoun and Rec Director Dee Van Nest will be present.

Firm of Falk and Booth, selected architect for the Linda Mar high school, will iron out contract provisions with the board.

WIA PETITION FREEWAY DRIVE IS POSTPONED

Door-to-door petition drive to combat the proposed West-lake-splitting state freeway has been postponed until the [illegible] of April 18, 19 and 20, Westlake Improvement Association reported today.

Acting WIA [illegible] Charles Santuccio said directors cancelled last week's scheduled petition campaign "because we felt police should not be allowed to [illegible] or confuse our program to fight the Alemany freeway route." Santuccio had reference to the verbal warfare among candidates for next Tuesday's council election.

The association, though sending "observers" to the City Committee Opposing Freeways, is acting "independently" of the city group. The WIA has pinpointed the proposed Alemany freeway route, between Junipero Serra and Skyline, as its sole target.

Goal in the door-to-door canvass is 15,000 signatures—Westlake's population, Santuccio repeated. The petitions will be forwarded in a "package" to Gov. Goodwin Knight, State Division of Highways, national and state political leaders, and the city council.

Storm Damages Already Stymied DC Reservoir

Monday's fierce wind storm gave the idle Palisades reservoir another jolt, as additional floor and roof damage was verified by City Engineer Otis Calhoun.

The storm washed more water under the floor of the huge tank, pushing the floor upwards and loosening beam supports on the roof. Calhoun would not say the damage was minor, and no official estimate [illegible]. Meanwhile, an outside contractor will begin repairing the [illegible] about $12,220, and [illegible] incident may up the [illegible] ture.

MAY 27 ELECTION

JESD Seeks 70-Cent Tax Hike

On Tuesday, May 27, voters in Jefferson Elementary School District will be asked to approve a 70-cent increase in school taxes at a special election.

Trustees by 3-0 vote last [illegible] authorized the critical election, in order to give the district sufficient "operating funds" on a five-year projection. The tax increase is needed to complete timetable site development, meet anticipated teacher salary raises, and provide adequate supplies for curriculum.

Present district tax rate is $1.50 per $100 assessed valuation, plus 5 cents per $100 for parks and recreation and about 7 cents per $100 for teacher retirement. Both latter levies go to the county.

If voters approve the tax hike, maximum permissive tax would be $2.20 for the five-year span.

In presenting the data for the election, Asst. Supt. David Shapiro said that for 1958-59 the district needs a tax rate of $2.04 per $100 in order to finish projected site needs and attendant operating expenses. He said for '59-60 a rate of about $2.12 is necessary. The rate could drop off to $1.94 in '60-61 he added, but probably would hit the $2.20 maximum the following two school years.

Shapiro explained that state aid money doesn't give the district sufficient funds to complete new site work, provide for teacher pay increases and other general fund outlays.

About nine new schools are charted by 1962 when district enrollment will surge over the 10,000 mark.

There is no guarantee, Shapiro noted, that funds for higher teacher salaries will be available even with a successful outcome May 27.

Immediate district needs for the school year starting this September include funds for "adequately staffing" Benjamin Franklin intermediate school (matching the Colma 7-8 faculty), hiring two new principals for vacancies at Jefferson and Olympia, adding to the administrative staff two general consultants to assist curriculum supervision, and increasing psychological, health, audio visual aids, and speech correction services—long below par here.

Arthur J. Huelse, 151 Abbot avenue, is chairman of the 9-member Citizens Committee for the May 27 election.

Safecracker In $4412 Haul Here

A definitely "old-pro" was sought today by Broadmoor popolice for the $4412 safecracking at Dave Ludwig's Steak Pit in the early hours of Monday morning.

The raid, investigated by Officer Merrill Baxley, was the

FIRST DRAFT

High Schools' Next Budget 'Out Of Red'

High school district budget for the next school year, starting this July, will be well "out of the red," according to first draft submitted to trustees for study by Fred Goodell, district business manager.

The new budget totals $2,359,637—some $112,000 over the current budget. Expenditures in the new budget will be up some $34,000.

In the present budget, ending this June, expenses exceeded income by about $52,000—mainly due to equipment needs at Westmoor High.

But since the district will start the new year this July with about $844,000 reserve cash balance, the 58-59 budget year could end with an "in the black" excess of possibly $916,000, Goodell estimates.

He reminded that the first draft could only approximate higher assessed valuation, and resultant additional income that would come to the district.

The district has a deficit budget this school year due to heavy capital outlay expenses at Westmoor. Some of the needed items could not be covered by bond funds—thus the

LESHER ENTERS CAMPAIGN FOR SCHOOL TRUSTEE

Plumber Donald Lesher, 417 Castle street, last week became the sixth candidate for Jefferson Elementary school board.

President of Hillside PTA and active in Hillside Improvement Association, he filed on Wednesday.

Also in the race for the May 20 election are incumbents Hartley Appleton and Mrs. Doris Wimberly, Owen English, Arthur Huelse and Martin Orloff.

Two seats for three-year terms are open. Filing deadline is April 18.

DC Cops Arrest Plant-Growing Dope Suspect

Walter Huntsmann, 21, Daly City laborer, faces preliminary hearing in muni court this Friday on multiple dope charges.

The perennial "bad boy," showing all signs of an addict, according to police, was arrested Sunday, following investigation of a family argument at his mother's home, 224 Los Olivos.

Mrs. Mary Huntsmann Saturday night summoned police, claiming her son was violent. When Officers James Bergstrom and Jim Sunderland advised Walter to leave for the night, he did so quietly.

But Mrs. Huntsmann asked Bergstrom to return. He did, and she escorted him to the backyard where he was shown 25 potted plants—presumably marijuana, used by the youth.

On Walter's night stand Bergstrom found a "hypo kit" with the "usual" narcotics utensils.

The suspect admitted he was raising the plants as "an experiment," and confessed he had sniffed opium and cocaine—an extreme practice of dope users.

Within the past few months, police said Huntsmann had twice tried suicide, and once came to headquarters asking to be sent to a hospital for the dope cure.

Walter's crime record dates back to 1952, ranging from car theft to assault and battery. He served three months in jail on a previous dope conviction.

'Late Customers' Rob $6000 From Wholesaler Here

The last two "customers" Sunday night at Public Wholesale House, 2899 Junipero Serra boulevard, lingered long enough to stage a $6000 holdup with all the earmarks of "professionalism."

Owner Morris Katz said the robbers, both Negroes, had been "shopping around" for

'Santa Claus' Is Suspected As Child Molester

A 51-year-old Westlake man, known for his generosity to neighborhood youngsters as a Yule-time Santa Claus, was arrested by police here last week on charges of child molestation.

Released on $2000 bail to appear in court April 10 was Oscar Furtado, a plant superintendent who lives at 40 Pinehaven drive.

After lengthy questioning of parents and the two girls (6 and 8 years old) involved, the district attorney issued a warrant for Furtado's arrest. The alleged victims claim Furtado invited them into his garage one Sunday afternoon last month, asking them not to tell their parents what happened and giving them candy.

Officers Robert Crooker and Charles Terry initiated the investigation more than three weeks ago. Terry continued to work with the district attorney in action that led to Furtado's arrest.

BOCCI OPPOSES KEITH SORENSON FOR D. A. DUTY

Filing dealine Friday left the June primary election for district attorney a two-man affair.

Muni Judge Thomas Bocci of Colma will oppose incumbent Keith A. Sorenson.

Sorenson has been on the job since 1953. Bocci was elected justice of the peace in 1950, and two years later assumed the northern judicial district bench in South San Francisco.

Bocci, 35, a USF graduate, lives at 10 Village Lane.

Property Taxes Up: Expert Says Cities Must Cut Spending

Property tax levies by the 15 cities in San Mateo County for the current year total $7,669,057, compared with $7,030,379 for last year, 1956-57, a study of the taxes levied by cities throughout California, shows, S. J. Arnold, general manager of California Taxpayers' Association, said today.

State-wide, levies on property for city government purposes total $231,522,670 for the present fiscal year, a good-sized increase over the $207,233,093 levy for 1956-57.

"Cities tax and tax and spend and spend right along with the other governments which dip into the taxpayers' pockets," Arnold said.

"Citizen demand for lower taxes should be citizen demand for lower city budgets—as well as lower federal, state and county, schools and special districts budgets," Arnold declared.

'EVALUATION COMMITTEE'

Weibel 'Backers' In New Plea

Martin Orloff, chairman of the citizen group backing Supt. H. Z. Weibel, last week made a second plea to get "an impartial group" to review the dismissal of the elementary school chief.

Claiming trustees had "sidetracked" his group's bid for an impartial and professional board of review, and instead considered it a request for an "arbitration board," Orloff proposed a new course.

The insurance man and trustee candidate said he and M. Pauline Brown, retired educator and member of the pro-Weibel faction, reviewed the board's "interpretation" last week with James Tormey, the county superintendent of schools.

It was Tormey's opinion, said Orloff, that an "evaluation committee" is the best term to describe Orloff's requested board of review. Orloff cited the type of panel invited recently by Laguna Salada school district to analyze district policies and procedures, rate the superintendent and the board, and teacher and community relationships.

Orloff told trustees that items covered by the O'Dell Associates (hired by the JESD board last year) would not come before his suggested evaluation committee "as they (O'Dell) pertain mainly to curriculum, teaching methods and instruments for teacher evaluation."

Orloff said Tormey was willing to set up and serve on such an evaluation committee in the Weibel case, if an official request were made by trustees here.

Mrs. Doris Wimberly, acting board chairman, repeated to Orloff that the "board is the sole authority in hiring or firing of the superintendent," but said his latest request for a Tormey-included evaluation

Would-be treasure seekers will be enticed by 5000 candy eggs, according to Director Dee Van Nest.

If the weather is bad about 9:30 a.m. the hunts will begin at 1 p.m., if possible. Otherwise, the festivities will be postponed to the following Saturday, starting at 10 a.m.

Association Sets Eve-Of-Balloting 'Candidates Nite'

An eleventh-hour opportunity for city council candidates to voice their views will be provided at the Westlake Improvement Association regular meeting next Monday night, starting at 8 p.m., 95 South Mayfair.

Announcement of the "candidates' night" was made today by Charles Santuccio, acting chairman of the WIA board of directors.

Report on the association's anti-freeway campaign will feature regular business, Santuccio said. William Silver is the chairman of this committee.

MUCH AT STAKE TUESDAY AT POLLS

Three-fifths membership of the city council will be settled Tuesday when voters determine which of 11 candidates are best qualified to represent them the next four years.

Platforms of the majority of office seekers are pretty much parallel. Thus it is difficult to evaluate and predict the outcome.

Going on platforms—for what they're worth—it is evident the majority favor immediate changes in city administration. This would likewise indicate the people's lack of confidence in the current council—split as it has been on the major decisions of city management.

Tuesday's results could mean a turning point for Daly City—depending on public intelligence in weighing the issues and picking men whom they believe will work to restore representative government.

The people have more at stake at the polls next week than do the candidates.

NO QUESTION Marie and Mariano Valencia, 112 East Vista, have their hands full, with triplet girls added to their household. The baker and his petite missus are holding Brenda and Yolanda. Wee Annette won't be home from the hospital until this Saturday. She's a bit underweight. Having to stay home from work two weeks since the March 17 triple-event, Mariano could use financial and material help. Fifteen dozen diapers and a two-month supply of formula have been donated thus far. Mom and pop have two other daughters to feed, too, ages 3 and 2. Their phone number is PL 6-2970. THE RECORD photo

'BELOVED' PRINCIPAL

Miss Marie Traynor To Retire: June 30

Miss Marie H. Traynor, long-time principal of Jefferson Elementary School, has submitted her resignation and will retire as of this June 30.

When pressed for reasons, Miss Traynor said, "My reasons are simple ones. After a long career, I just want to have time to enjoy some of the things that a more leisurely life will permit. The tempo of life as we live it today, offers little opportunity for these things."

"What are these things? They are the same things all of us would like to do, if we had that priceless commodity, time. We would like to slow down and enjoy our friends, our gardens, our home; have time for more of the cultural things, more reading and some travel."

Miss Traynor is a native Californian and a life-long resident of San Francisco. After graduating from S. F. State College, she took advanced work at University of California and San Jose State College.

Years Ago

Her teaching career in the Jefferson Elementary School District started at Woodrow Wilson School under Superintendent William J. Savage. It was he who appointed her principal of Jefferson Elementary School.

Although Miss Traynor's teaching experience has included all grade levels, most of her teaching years were spent as an eighth-grade teacher. She served as principal under Superintendents Savage, Crane, Shell and Weibel. It was not until 1951 that principals in J.E.S.D. were relieved of teaching duties.

For many years, Miss Traynor took an active part in the San Mateo County Teachers' Association. She served on the governing council, executive board and was secretary-treasurer for three years. She declined the presidency. She was San Mateo County delegate to the National Education Convention in Denver and later represented California Teachers' Association at Detroit during a national convention on education. When the San Mateo County Principals' Association was originally organized, Miss Traynor was a Charter member, an active participant and later became president of this group. She was also a charter member of Colma P.T.A. at Jefferson School and has always been a strong supporter of her P.T.A. She holds a life membership in this association.

In addition to her regular administrative duties, Miss Traynor has been coordinator of audio-visual materials for the school district since 1951.

Her Feelings

"My years spent in the Jefferson Elementary School District," said Miss Traynor, "have been most stimulating ones; the experiences, most valuable; the satisfactions, most rewarding; the associations and friendships, never to be forgotten. Watching this community grow has been a most fascinating experience in itself."

Although relinquishing the responsibilities of a school administrator, Miss Traynor intends to keep a firm hold on the first, second and third generation friendships that have been formed through the years.

Her idealism, understanding and innate sense of fairness have been a tradition at Jefferson School and hundreds of friends among students, past and present; parents and professional associates will read with regret of her decision to retire from the profession.

"The years have been many and happy, but the time has flown. However," Miss Traynor added with a twinkle," don't you think I deserve time off for god behavior?"

The three trustees present at last week's board meeting expressed surprise at Weibel's announcment that the principal was retiring.

'KIP' PUBLICITY LADY ACQUIRES AN ASSISTANT

Mrs. Martha Garbe, publicity director for DC's KIP Workshop, this week gained an assistant in the person of Ann Hall, Jeff High sophomore.

Coed Hall and Santa Fernandez, KIP members, soon will join a national dancing school as instructors, meanwhile applying their talents to the local youth organization.

Two newcomers to KIP's faculty are saxophonist Eddie DeJesus, Marine from Treasure Island, and Lolita Elizarde, voice and piano.

Earlee Hethcote, with KIP's drama group, recently talked with Danny Kaye, famed movie and TV figure, during an outing with her Scout Troop at SF Zoo.

Ann and Ruth Hall last Friday showed KIP's "community service" function by working with chairmen at the "City of Hope" fund-raising bazaar.

Cancer Crusade Volunteers Open April Campaign

The April Cancer campaign fund drive throughout San Mateo county is officially launched, and some 4000 volunteer workers are undertaking a house-to-house canvass to raise the $80,780 quota this year.

Local goals are: Daly City, $3000; Pacifica, $1000; Colma, $750; Broadmoor, $450; Bayshore, $400, and Brisbane, $100.

Joseph Lewkowitz, 501 Vista Grande, is drive chairman for Daly City.

All funds raised are divided as follows: Forty percent remains at home to support the local program; 28 percent goes into national research; 12 percent is ear-marked for national education and administration; and 20 percent is channeled into state grant-in-aids, refresher courses for physicians.

FREEWAYS

California now has about 450 miles of full freeways, reports the California State Automobile Association.

PRESS CONFERENCE . . . California's history is as colorful and dramatic as any state in the nation . . . and nothing contributes so much to this drama as the story of the growth of the California Missions. To tell this exciting story, KPIX is producing a public service series titled "California's Mission Heritage." To preview the series, a press conference was arranged at Mission Dolores, where the second in the series dramatizing the story of Mission San Antonio and Mission San Miguel was shown. From the moment we stepped into the famous old historical spot, we were carried back hundreds of years . . . and this illusion was further maintained as we watched the fine color film unfold.

Opening with a dramatic scene of the burning of a primitive thatched dwelling, the documentary, actually filmed on location with the backdrop of the beautiful blue California mountains, completely captivated our interest from beginning to end. The magnificent and authentic color scenes of the missions . . . the lovely countryside . . . life in the missions . . . was excitingly told by picture, drama and narration.

Scheduled as KPIX's Easter Sunday highlight, "California's Mission Heritage" will be shown in color on April 6 at 4 p.m. An outstanding addition to KPIX's fine public service programs and excellent family television. Don't miss it.

KIDDIES CORNER . . . For the small fry in your family a new program recently premiered over KGO-TV titled "Romper Room" and is seen Monday through Friday from 9:30 to 10:30 a.m. Slanted toward the pre-school and kindergarten set, the program, guided by teacher Miss Nancy (Besst), features games, stories and music with the small guests joyfully participating. With the start of "Romper Room," KGO-TV has added five hours of local live programming to its weekly schedule.

NBC MATINEE THEATER . . . Last week was an important anniversary for the fine dramatic series "NBC's MATINEE THEATER (weekdays, KRON-TV, 12N.) because the program became the first dramatic series in TV history to present a total of 600 performances. Consistently the dramas produced are some of the finest seen on television.

NEW RADIO PROGRAM . . . With host Budd Heyde, "Listen, Ladies" recently premiered over KNBC at 11:05 a.m. and is the first local audience participation show over KNBC since the 1940's.

12 Candidates In Pacifica's Council Race

Almost 6900 Pacifica residents are eligible to vote on three city council vacancies next Tuesday at 17 precincts.

Incumbents Donald Miller, Gerry Schumacher and Harold Feyge have nine competitors—one of these a woman.

Since there seems to be no major issues, the poll turnout is expected to be light, with incumbents holding an edge. The trio seeking re-election first joined the council in the incorporation decision last fall.

The candidates include: Walter Campbell, Floyd "Jack" Fox, John Giberson, B. D. Hembree, Samuel Turpin (all of whom ran last November), and Nick Gust, Melvin T. Hansen, Thomas M. Lane, and Mrs. Henrietta Whitney, the latter the wife of the Pedro Valley postmaster.

Victim Is Clobbered Where It Hurts Most

Thieves aren't choosy in picking their victims.

David J. Friedenberg, of 15 Highlands, Westlake Heights, last week reported to police the loss of his wallet, containing $100 cash and valuable papers. He discovered his misfortune upon leaving a local bank—of all places.

Friedenberg could have used the money. He's running for city council.

Easter Bunnies Ready In W'lake

Easter Bunnies will make their annual appearance at Westlake Shopping center this Saturday afternoon in search of boys and girls who would like to receive free Easter eggs.

Each of the two bunnies at the shopping center will be loaded down with baskets of gaily-colored, chocolate-coated, marshmallow-center eggs. All comers—boys and girls are assured free, tasty eggs.

More than 2500 eggs will be given away between the hours of noon and 5:30 p.m.

Stores throughout the shopping center will also greet the Easter bunnies by having special Easter merchandise on display inside, and in their windows.

Letters To The Editor

FATHER PRAISES PAPER'S HELP FOR SICK SON

Dear Mr. Bradshaw:

I wish to sincerely thank you and your staff for the cooperation you gave my son by publicizing his recent illness, thereby attracting the attention of Naval authorities to his plight.

The Veterans' Administration took his case and expedited it through all legal channels, and by doing so, my son's total hospital and doctor bills are being assumed. Also, future medical attention and compensation have been guaranteed.

I profess that your newspaper is a big part of our Daly City life. You present news that people want to read about their community—facts on government, civic functions, school affairs, social activities, et cetera.

I must admit, I was confused as to where to take my son's case until your newspaper came to our rescue.

Please accept my heartfelt thanks for a job well done. And thank God, my son is on the road to better health.

Respectfully,
Joe Lewkowitz

Reader Praises School Board In Weibel Case

Dear Editor:

In recent weeks your paper has published many articles voicing the opinion of persons in the Jefferson Elementary School District who are protesting the decision of the board of trustees to terminate H. Z. Weibel's superintendency in the district.

The present board of trustees, under the chairmanship of Hartley Appleton, has, in my opinion, contributed greatly to the improvement of the school district. Two of the major contributions have been the recent survey of the entire school district by the Stanford Research group and the appointment and progress of separate committees, headed by members of the board. I feel that this board has worked hard and long to improve the curriculum of the schools and to speed up the construction of more needed schools.

I am confident that the members of the board of trustees have spent much time and thought before arriving at the decision to let the superintendent go, and I feel that their decision must be a justifiable one.

Sincerely,
Mrs. Edward Macklin

Veterans News

By Grace J. Hill

World War II veterans are reminded that they have until July 25 this year to apply for Federal GI loans for homes, farms and businesses. World War II veterans who enlisted or reenlisted under the Armed Forces Voluntary Recruitment Act of 1945 between October 6, 1945, and October 5, 1946, however, have 10 years from the end of their enlistment period to use GI loan rights.

Veterans who served in both World War II and the Korean Conflict will have their unused GI loan rights under World War II GI bill cancelled, and will receive new entitlement under the Korean GI bill. These veterans then will have until February 1, 1965, to obtain GI loans.

Unremarried widows of men who served in either World War II or the Korean Conflict may also qualify for a GI loan, if their husbands died in service or after separation from service as the result of service-connected disabilities. Such widows of World War II veterans have until July 25 to apply for GI loan guaranty or insurance, and those of Korea Conflict veterans have until February 1, 1965.

Veterans who hold either National Service or U. S. Government Life Insurance policies were also cautioned not to let their designated beneficiaries get "out of date." Marriages, divorces, births or deaths constitute changes in family status which may indicate needed changes in beneficiary listings. Changes can be made at any time, but they must be made in writing over the policy holder's signature and sent to the Veterans Administration office servicing the policy. Be sure your policy is signed to the beneficiary to which you intend payment to be made. Check your policy periodically.

The Town Record

By Roy Hurlbert

City Clerk Evelyn Mosman, a venerable soul, has seen council campaigns come and go. Next Tuesday's showdown is a dilly, she allows.

Eleven candidates for 3 seats is a city record. In 1956 there were 8 orators jockeying for two seats. Another "first" here.

For a change, none of the 11 this time is too optimistic. Pessimism is the better part of valor.

Glad to see a hefty field. Gives the people more to consider.

Most candidates have the same platforms. Those who vary from the "norm" will stand or fall on their individuality.

Can't fool the public, anymore. Action, 'tis true, is louder than words.

Rumor-humor department:

Five-year-old girl, observing green shamrocks painted on Duffy's Tavern window, exclaimed: "See, mommy, the Girl Scouts are having a meeting there."

Electioneering:

"Elect-me" poster of Sanford Vickers, perched atop a Lagomarsino company sign, is followed by the blurb, "Will Build To Suit On Long-Term Lease."

Wonder what he meant by that?

Not Vickers' publicity, of course.

HIGH SCHOOLS' NEXT BUDGET 'OUT OF RED'

reason for the $52,000 deficit, expenditure over income.

Budgetable income for '58-59 will exceed expenditures by approximately $10,000, Goodell predicted, and added that local tax delinquency readjustments could bring an additional $62,000 to the district.

In the new estimates, Goodell figured a $4 million increase in the districts assessed valuation for '58-'59, meaning more revenue.

Proposed expenditures in the category of teacher salaries amount to almost $870,000, compared with the present budget for teachers of $763,000.

Teachers expect to ask pay increases and an adjustment in the 14-step salary schedule.

Public hearing on the new budget is set for this July, with final acceptance due in August.

committee would be considered by trustees at the April 23 board meeting—when the full board would be present.

It appears unlikely, however, that trustees will "delegate their authority" to such an outside agency. Only trustee Joseph Lewkowitz favors reconsideration of the superintendent's status.

The evaluation committee urged by Orloff would include professionals from the county office, the district superintendents' association, county school board association, California Teachers Association, and faculty members from Stanford, University of California and San Francisco State.

By majority board edict last December Weibel was instructed that his contract will expire without renewal in June next year. If the May 20 trustee election alters the anti-Weibel board majority, the superintendent conceivably could stay on the job. Terms of chairman Hartley Appleton and Mrs. Wimberly expire this June, but both are seeking re-election.

Trustee Michael Callan again failed to show up for last week's regular meeting.

more than 30 minutes after he closed the front door to business about 6 p.m. The taller of the well-dressed suspects, about 6-2 and 200 pounds, aimed a stub-nosed revolver at Katz who was at the main counter, while his accomplice, about 5-10 and 165 pounds, herded clerk Ernest Pacioni into the restroom, also at gun point.

Katz was forced to empty the cash register and then the store safe, after which he was directed to join Pacioni in the men's room.

Of the $6045.82 taken, some $240 was in checks, from the safe.

Katz told investigating Broadmoor Police Officer Merrill Baxley and members of the first-on-the-scene Daly City force that both robbers appeared calm and "experienced in such matters."

The suspect who guarded the clerk was very careful to avoid facing the store owner. Katz said the bigger suspect appeared to have an abnormal "split" on the lower lip, while the clerk reported the other gunman had a pencil-thin mustache.

Chief Ray Savage said his office was not sure the holdup artists had an outside accomplice waiting in a car. An occupied vehicle was seen near the building after closing time, Savage learned.

Although the committee is not political it felt that the candidates taking a stand in opposition to Alternate A should merit the consideration of the voters.

Edward Molkenbuhr Jr., chairman of the committee, stated that petitions signed by Daly City residents would be placed in the near future in the hands of all state officials concerned, showing the unanimous opposition of Daly City residents to the "destruction of Westlake."

Chief Ray Savage estimated the Steak Pit intruder must have worked more than an hour to "peel" the hefty safe, located in the rear office. Found on the scene were a sledge hammer, chisel and screwdrivers—all tools of a professional.

Entry was made through a delivery-side door, unlocked by the culprit after he slashed its upper wire screen.

Sheriff's office is investigating footprints near the safe. No fingerprints were distinguishable, Savage said.

DOUGLAS JONES IN WASHINGTON ARMY EXERCISE

Pfc. Douglas L. Jones of Daly City and fellow 4th Infantry Division soldiers are training for Exercise "Indian River," a giant maneuver to be held near Yakima, Washington, in May.

"Indian River" will be a 16,000 man "war" fought over the 270,000 acres of Cascade foothills at the Yakima Training Center.

Jones, husband of Mrs. Jean Jones, 363 Santa Barbara avenue, is with the division's 1st Battle Group, 12th Infantry. He is assigned as a rifleman of Company B.

The upcoming maneuver will employ the 4th Division "Saints" and several thousand troops from other posts and Fort Lewis units in one of the first major tests of the Army's new pentomic battle order.

In our busy days we can get so involved that worrisome details crowd the Lord out of our minds. Then we should stop and, even in an instant of quiet meditation and communion with Our Heavenly Father, renew our soul through the inward flow of His love.

By Lenore Brewer

From past personal experience, we know that either you get with Danny Kaye or you don't; either you think he's a clown in the grand tradition or you think he's just another silly ass. If, as we now do, you belong in the first group, then beat a path to Loew's Warfield, where "Merry Andrew" is rollicking along, starring Kaye in the title role.

Based on a story by Paul Gallico, "Andrew" tells of an instructor in a British "public" school. Son of the headmaster (Noel Purcell) and destined to follow the family footsteps ("... for nine generations there has been a Larabee at the head of the school"), Andrew is far from merry. He has been engaged for some time to Patricia Cutts but can't afford to marry until he becomes a housemaster. In a way, this promotion is desirable, but he also wants to become an archiologist, and spends his spare time digging in a nearby meadow in search of a statue from Roman days.

Circus

In his latest solitary expedition to look for the statue, he finds that the most likely spot is occupied by a small circus, headed by pappa (Salvatore Baccaloni) who has a daughter (Pier Angeli).

This circus atmosphere is such a natural for a Kaye film and has such fascinating possibilities (some realized, some not) that Pier Angeli seems unnecessary, aside from the fact that another love interest must be introduced, the cool detached Miss Cutts being hardly Kaye's type.

There are some marvelous Saul Chaplin-Johnny Mercer songs: "Tickety-boo" opens the picture, with Kaye in flowing academic robes riding his bicycle to school; "Chin Up, Stout Fellow," sung with his two brothers (Robert Coote and Rex Evans) who represent an American's idea of Englishmen; "The Pipes of Pan," containing the inspired line, "I'm a bad Samaritan," and a romantic little ballad, "You Can't Always Have What You Want," which would have been improved by cutting the final chorus.

O-Kaye

An hilarious scene when Kaye, still digging for his statue, comes up in the center of a cageful of a dozen fine lions, and a song and dance number, "Salud," in which all get into the act, contribute to making "Merry Andrew" merry.

"Andrew" isn't great Kaye, there are extraneous details that could have been omitted and a simian actor who could have been removed entirely, but it's okay (ouch!) Kaye, and considering the few chances one has to laugh these days, no opportunity should be missed.

DIM LIGHTS

If the lights of your car become dim when you start the engine, it's a good indication that the battery needs recharging, says the California State Automobile Association. The sooner you have this done the less chance there is that your car will stall.

T-METHODISTS GET $100,000 TOWARD GOAL

Dr. Harry W. Sawyer, general chairman of the "Together We Build" expansion campaign now in progress at Temple Methodist Church, announces that subscriptions are nearing the $100,000 mark. The minimum three-year subscription goal for the campaign is $150,000. The pledges are payable over a three-year period, and payments may be made weekly, monthly, quarterly or annually.

The proposed two-story educational unit will provide classrooms, a parlor and a large social-recreational hall, all of which are needed in order to keep pace with the rapidly growing church school. The church school provides classes Sunday mornings for nursery through adult groups, as well as the four Sunday evening groups for junior high, senior high, older youth and co-weds.

A total of 75 couple-canvassers have been calling on members and friends of the church each night since the "kick-off" dinner on March 17. "If you give until it hurts, you're not giving enough. Give until it feels good" is the parting advice given canvassers by Dr. Sawyer at each report night meeting.

Olympia-Vista Mar Students Present Dance Festival

Students of Olympia and Vista Mar schools recently presented a colorful dance festival to assembled students, teachers and parents. The dances were a climax to the physical education program.

During preparation for the program, the children acquired technical skills and training in rhythmical experiences. They became familiar with the background of the dances and the national customs their dances represented.

Two performances were presented—one for the a.m. session and one for the p.m .session. All classes from kindergarten through fourth grade participated.

It was a purely student-conducted program with student announcers at each grade level, as well as a "welcome" and "thank you" written in verse by the fourth graders.

Two For Tonight

By Lenore Brewer

"Middle of the Night," which opened last week at the Curran, is Paddy Chayesky's latest contribution to his own particular brand of theater. To his talents have been added those of producer Joshua Logan, Jo Mielziner (setting and lighting) and a carefully chosen cast headed by Edward G. Robinson. Chayefsky takes infinite care to dramatize the little people with their little problems, jogging along day to day in a comforting rut. To judge by some of "Night's" characters, it's more than most of them deserve.

Robinson gives an extraordinarily sensitive performance in the role of Jerry Kingsley, a widower of 53 who falls in love with a girl in his office (Mona Freeman) almost 30 years younger than he and whose crumbling marriage makes her vulnerable to a sympathetic approach from anyone.

Gulf of Years

It is a situation which would invite some to indulge in idle dalliance, but Kingsley is not the type. He is a gentle, honorable, home - loving man for whom love means marriage, but he is worried by the gulf of years which separates them. It is around these self-doubts that the play revolves, with additional conflict contributed by his family and hers, neither of whom are happy about the situation for completely different reasons.

His sister (Nancy Pollock) and daughter (Doris Belack) actually aren't too bad as people go; sister hates to see her authority in his home threatened, and daughter panics at the thought of sharing papa, but you feel that a little plain speaking and the passage of a few months will straighten them out to where you could stand them—occasionally.

The girl's family and friends are hopeless. The mother (Nellie Burt), lacking imagination, sympathy and even ordinary sense, views the affair from the most primitive level; a neighbor (Ethel Britton) chimes in as far as her limited vocabulary will permit; the kid sister (Phyllis Wynn) obviously fits into this dismal milieu, and the husband (Martin Landau) grates on the nerves to an extent almost beyond belief.

Appalling Accent

Their cliche-ridden lives are summed up by the friend (Peg Shirley) who says in an appalling accent, "You get up in the morning and you go to bed at night; Frank goes bowling every Thursday and I get down to Macy's once in a while, and that's all there is to it. The awful part is that for so many she is so right.

These are the people whom the soft-headed are referring to when they talk about "the salt of the earth."

LAW IN ACTION

APPEAL

In most cases when the judge reads the verdict, that settles the lawsuit and tells who has won. But not always. The loser may demand—and sometimes get—a new deal. He may attack the verdict by asking for a new trial, or getting an appellate court to review his case, even going sometimes to the U. S. Supreme Court.

In very rare cases he may still have the "judgment vacated" on grounds which later come to his knowledge.

You may get a new trial only in special circumstances:

When the other party, the judge, or the jury make "prejudicial" errors, or when something beyond his control kept the losing party from presenting all the facts.

The judge may have done something to "prejudice" the case against the loser, such as erroneously admitting evidence harmful to the loser, or erroneously refusing to admit helpful evidence, or he may have been in error in instructing the jury.

The injured party has a duty to call such errors, if known, to the judge's attention for him to correct. They must actually have harmed his case. Mere technical errors don't count.

The other party may have erred by making improper argument to the jury or by tampering with a juror outside the courtroom (a most serious crime, as well).

Seldom may jurors go back on their own verdict, but others may challenge it, for example, if the jurors took an unauthorized trip to the scene of the accident, talked about the case during the trial to each other, or to lawyers in the case.

A judge may grant a new trial where unforeseen accident or surprise kept the loser from having a fair trial, or where through the court reporter's death or loss of his notes, an adequate transcript of the trial can't be prepared for the appellate court.

THREE SERVICES EASTER SUNDAY FOR LUTHERANS

The Feast of the Resurrection will be observed with three services at Hope Lutheran Church, old San Pedro Road west of Junipero Serra boulevard in Daly City.

Easter Communion will be observed in the service at 8 a.m.

For the first time, a special Easter Children's Service will be held at 9:30 a.m., instead of the regular Sunday School Hour. Various classes will participate in the service, offering Hymns, prayers and recitations of the Easter story.

The Festival Easter Service will be held at 11 a.m. The choir will sing "Christ, the Life of All the Living" by Williams and "The Strife is O'er" by Helder. Pastor Louis Marting will deliver the Easter message.

Judea Sisterhood Plan Luncheon For Next Tuesday

Next Tuesday at noon Temple Judea Sisterhood will hold a dessert luncheon. Refreshments will be in keeping with the Passover holiday.

The piece de resistance will be a discussion by Mrs. Irving F. Reichert, wife of the Rabbi, on her profession of painting. Mrs. Reichert's works have been exhibited throughout the Bay area. She has recently accepted an invitation to give an exhibition of her oils and water colors at the California Palace of the Legion of Honor.

Hope Lutheran Good Friday Services Told

Hope Lutheran Church again will offer two opportunities for the community to worship on Good Friday. The Rev. Louis C. Marting announces that a noonday service will be held at noon and an evening service of Darkness at 7:30 p.m. at the church, on old San Pedro Road west of Junipero Serra.

At the noonday service, the "Seven Last Words of Christ from the Cross" will be read, with appropriate hymns, prayers and silent meditations.

The traditional service of Tenebrae, from a Latin work meaning "darkness," will be held in the evening. The service begins in candlelight and as the service proceeds with readings of Bible prophecies, prayers and choral music, the candles are extinguished one by one until the church remains in total darkness.

The only remaining light in the church is one candle representing Christ. The candle is not removed from the Church, but is removed for a few moments, suggesting the burial of Christ, and is returned to the altar suggesting the coming resurrection.

The service ends with the congregation leaving the darkened church in silence to contemplate the seriousness of man's sin and the magnitude of God's grace in sending Christ as the Savior from all sin.

The choir will offer as its contribution to this service, "On the Mount of Olives" by Martini, "Surely He Hath Borne Our Grief" by Antonio Lotti and "See Him! Hanging on Calvary's Tree" by Haydn.

Broadmoor Choir Will Perform In Mt. Davidson Fete

The Choral Conductors' Guild will present the choir for the Sunrise Easter Services on Mt. Davidson under the direction of Leonard Beck, president. Folders Explain Summer Camping To Girl Scouts

The trefoil insignia, pick and axe, plus a surprised mascot donkey sitting on-end, were the eye-catchers on the 1958 Girl Scout camp folders, "Let's Go Camping!" which were issued a few weeks ago. Each registered North San Mateo County Girl Scout received one.

The registration form, found inside the front cover of the "green book," should be filled out and turned in with the fee, to each troop leader, on or before April 7.

The camping program is varied and extensive enough to suit the taste of every Girl Scout. For the young Brownies, Fly-Ups, and Intermediate Scouts, there will be several sessions of Day Camp, starting June 16 and ending July 18. The time will be from 9:30 a.m. to 3 p.m., Monday through Friday. Fees range from $2.50 for Brownies, $3.50 for Intermediates, and $5 for advanced older girls past the sixth grade.

The girls who have completed the fifth grade by June 1958, and who have had an overnight outing, may qualify for Camp Sonora, the permanent Girl Scout camp in the Mother Lode foothills, 150 miles from San Mateo County. The camp site is in the midst of a 70-acre wooded hill and open meadow, and offers wonderful camping and hiking possibilities. Fee per session is $38.

There will be no service this Friday evening. A special service for this holiday season will be conducted by Rabbi Irving F. Reichert. Topic of his sermon will be "The Higher Implications of Liberty." The public is invited.

This Saturday evening Sisterhood of Congregation Judea will again sponsor the Congregational Seder at the Concordia-Argonaut Club, Van Ness and Post street. A full-course traditional dinner will be served by the professional staff of the Concordia Club.

Grace Presbyterian Choirs To Feature Easter Observance

Sunday will mark the eighth Easter Service conducted in the new sanctuary of Grace Presbyterian church. Two full choirs, junior and senior, fill the choir stalls on either side of the chancel.

In addition to the church school which meets at 9:30 a.m., a junior church service has been included to the regular morning worship. A competent nursery supervisor provides child care. Sunday evening is reserved for Senior High Youth program.

In addition to regular Sunday activities, a vigorous program is carried on throughout the week, such as Boy Scouts, Cubs, Choir Rehearsals, Junior High boys and girls, Men's Clubs, Women's activities, Married Couple groups, and special events. The pastor insists that Christianity should not be confined exclusively to Sundays. He asks, "How can people expect to climb the steep ascents of Heaven with the worries and the interests of everyday living strapped to their backs, and merely stop to rest their burdens one day in seven?"

LAW IN ACTION

THE SUPREME COURT AT WORK

The U. S. Supreme Court can hear only a small part of the 1500 cases in which review of a lower court's order is sought. In certain kinds of cases the appellant is entitled to a review. But in the majority of cases the court must decide whether or not it will review.

So the court's first job is to pick out the cases it will hear. Aside from cases which they must hear, this is a hard job on which the justices often disagree among themselves. It takes four justices to bring such a case up for review.

This done, the clerk sets a time for oral argument.

Before the parties come into court they must submit briefs and records often running into thousands of pages.

Next the justices hear the lawyers speak—and often break in with questions. The oral argument is an hour or less for each side.

Afterwards the justices talk the case over in conference. In a difficult case it may take months before the justices vote on it.

Finally, one judge gets the job of writing the opinion, and he must get more than half the court to go along with his way of seeing it. The others can, and often do, write out their own views as well, in concurring or dissenting opinions. Once in a while the court may agree on the outcome of a decision, but for different reasons.

The decisions not only quote cases already decided, but they may go elsewhere for their authority. A Supreme court opinion may quote presidents as well as judges, senators as well as statutes. It may find in Greek history aids in resolving the struggle between freedom and order. It may cite the battle for legal guarantees in Great Britain, or give the views of economists or men of literature and poetry or philosophy, as they may bear upon the problem.

THE "SOVEREIGN" STATES?

Something For Everyone

By Samuel Chandler
Daly City Librarian

Once Joseph Addison, the English Essayist wrote, "The reading of good books is to the mind what exercise is to the body." This statement is meaningless without a definition of the word exercise. According to Webster, it means exertion for the sake of training or improvement. Several things are implied here. One is that a good book makes the mind of the reader work, just as exercise makes the body of a sportsman work. And, just as good health, grace and beauty follows the work required by body exercise, so does mental health and dexterity follow the exercise of the mind required by a good book.

Among the skills possessed by a well-organized mind is the ability to organize ones thoughts into systems that other men can understand and by which they can work and act. Such ability is called clear thinking and it comes from reading good books.

In the works of Plato and Aristotle it is defined. In Shakespeare's plays it is pictured. In Bacon's essays it is systemized. In Emerson's works it is translated into the American language, and in the works of numerous writers, many appearing in periodicals and newspapers, it is modernized.

There is a caution in mental exercise, however. Just as too much body exercise is not wise, so, too much mental exertion is not wise. In other words, the mind must have time to relax. At such times mental health can be enhanced by the movies, by T.V., by light fiction.

But these things should not be the mind's steady diet lest it become flabby and insipid like the creatures pictured in Sinclair Lewis' "Babbitt," and more recently by Sloan Wilson in his novel "The Man in the Gray Flannel Suit."

The Daly City Public Libraries exist to exercise and relax the minds of Daly City residents. The Mission street library is open 10 to 9 Monday through Friday, 10 to 5 on Saturday. The Westlake-Broadmoor Library is open 10 to 6, 7 to 9, Monday through Friday, and from 9 to 5 on Saturday.

Senior Scout Leader, Mrs. Ruth Flint, In Vancouver Trip

Senior Girl Scout Leader, Mrs. Ruth Flint, and husband Russell, recently completed a nine-day business and pleasure trip to Vancouver, B. C. The "chance of a lifetime" trip was not only educational, but "thrillingly enjoyable" to Mrs. Flint, who is a Leader for Troop 23, the Trail Blazers, and come next November, she will have earned her 5-year pin in Girl Scouting.

Daughter Janet, a high school junior, is a Mariner Girl Scout in Mrs. R. Damon's troop.

Larry, her 11-year-old son, is a Boy Scout.

Mrs. Flint was impressed with the safety afforded in the divided freeways along the Oregon river highway in Oregan, where speed limits ran up to 70 mph, while in Washington, freeway speed were 60 mph.

FIRST CITY

In 1879, San Francisco became the first city in America to have a central generating station for the distribution of electricity, reports the California State Automobile Association.

OLD FASHIONED fashions will be on display at J. C. Penney's Westlake mall windows from April 7 to 12. Thirteen area PTA and church groups will each be allowed one old-time fashion entry each in the contest and prizes of $25, $15 and $10 will be awarded to winning entries. Here Mona Stansfield of St. Martin's Episcopal church, displays 1911 wedding gown, while Don Davis, Penney's manager, shows matching shoes. Winning entry in the old-fashioned fashions contest will be determined by public ballot. Ballots appear in this and next week's issues of the RECORD, and will also be available on Penney's main floor. The special contest is part of Penney's 56th anniversary celebration.

Pack 999 Meet Has 'Alaska' As Its Theme

"Alaska" was the theme of the March meeting of Westlake Cub Scout Pack 999. The four dens, boys and parents, met at Garden Village School last Thursday evening to learn facts about the territory.

Pack 999, now a year old, is sponsored by Men's Club of Temple Judea.

Assistant Cubmaster George Chernock presided and Guy Aronson and Kip Morris led the pledge of allegiance. Awards Chairman Warren McHugh called up the pack's newest recruit, Brawn Adams, to get his Bobcat pin. McHugh gave Jackie Murrish gold and silver arrows and Denner's stripes and presented Caesar Molina with a gold arrow and Assistant Denner's stripe. Paul Chernock was awarded a silver arrow.

Mitchell Mann and Alan Spencer proudly claimed Bear badges.

McHugh talked about the distribution of Scout-O-Rama tickets and various prizes and incentives to the boys for selling these tickets. Three fathers inspected all boys. The cleanliness trophy for March was awarded to Den Four.

The Alaska theme was carried out by Den One, making bear heads which they displayed. Den Two presented a skit in poetry and costume highlighting the history and resources of Alaska. The boys of this den also showed totem poles they had made. Kenny Freiberg of Den Two then emceed a short Quiz Show concerning Alaska. When the parents were stumped, and other dens couldn't answer, the rest of Den Two popped up with the right information. Correct answers won a prize of a chocolate gold piece. Den Three members displayed a number of different symbols of Alaska they had constructed—a relief map, a totem pole, a kayak and an igloo made of sugar cubes. Not to be outdone, Den Four presented an original song about Alaska. Denmothers Mrs. Sherman (Den Two) and Mrs. Chernock (Den Four) took a bow for their part in creating the dramatic and musical productions of their dens.

Refreshments Chairman Mrs. McLaughlin ended the meeting by calling all Cubs and their young brothers and sisters to the kitchen for soft drinks and homemade cookies.

Chernock announced that a few vacancies now exist in one or two of the Dens. Any boy aged 8, 9 or 10 who would like to join Pack 999 should ask his mother or father to phone Cubmaster Ed Mann, PL 6-4210, or Assistant Cubmaster George Chernock, PL 5-7936.

Dear Citizens:

I would like to reveal to you about the job of being a City Councilman. Our Government in Daly City comes under the category of a general law City. We are governed by laws and statutes set by the California State Legislature. Policy making in City government is the primary duty of the City Council. It is not an enviable task. It is difficult to identify all the needs of the community and their priority.

It is my privilege as a Councilman, to help the citizens who elected me to plan their future. There is no duty or obligation which is greater than to exercise wisdom and perception in this task. I as a Councilman am the elected watchdog of the peoples' interest. It is not enough for me to support that which is good for the community; I must vigorously oppose that which is not good. It is not only for a gardener to love flowers, he must also hate weeds.

We know in general that future years will continue to bring to our City more people, problems of annexing areas into established civic communities, more industries, more need for municipal services and more problems of every sort. It requires an understanding of ourselves, the community in which we live, and the relationship of that community to the world around us.

As a conscientious Councilman relates todays decisions to tomorrows needs; the judgement and the vision of the City Officials of today will shape the future of tomorrows Citizens.

A City is not just a market place or system of streets or municipal services, it is not even just a place to live; but a way of living. Our government must meet both the physical and spiritual needs of all its inhabitants.

I, as Councilman do have an opportunity to contribute to such a future for our City. It is a privilege and a sacred trust.

Having fulfilled the above requirements, I will continue to do so if re-elected.

Sincerely,

Sanford G. Vickers

CALIFORNIA Highway Commission announced today that it is taking under consideration the adoption of a routing for the Junipero Serra Freeway in San Mateo and Santa Clara counties between San Bruno avenue near the end of the existing Junipero Serra boulevard and Saratoga avenue southwest of Santa Clara. The Commission decided to hold two public hearings on the matter. One will be on May 7 at Fremont High School near Sunnyvale, the other on May 8 at Hillsdale High School in San Mateo. Both will open at 10 a.m. Public displays of maps showing possible routes will precede both meetings. State Highway Engineer G. T. McCoy has recommended a route having a total length of 35.4 miles in the two counties.

Dean McClusky New Exec Sec At Local YMCA

People who attended Golden West YMCA's recent annual meeting learned that things are happening out at the teenage youth center on Eucalyptus drive.

With the announcement of Dean McClusky's appointment as new executive secretary of the branch, came word also that the number of Hi-Y and Tri-Y clubs has grown from 24 to 50 since autumn, with prospects of 65 clubs in full operation by the time school opens next fall. Most of the current 750 teenage members are students at Lincoln High.

McClusky has worked at Golden West Y for six years in the capacity of program secretary, and before that, he was with the West Los Angeles branch of the YMCA for two years. Mr. and Mrs. McClusky live at Linda Mar, and are the parents of two children, Pamela 4, and Duncan 3.

The following new board officials were also elected at Golden West Y:

Robert R. Chase, chairman; Kenneth J. Sartori, 1st vice-chairman; and Frank Conklin, 2nd vice-chairman.

Golden West YMCA is one of seven branches of the San Francisco YMCA which specializes in work with high school youth, active under this program totals The total number of teenagers nearly 3000.

The Hi-Y and Tri-Y clubs are organized on the basis of friendship groups, thereby taking into consideration the teenager's desire to be with friends his own age, and to carry on activities with them.

Shopping with Sally

Easter vacation and youngsters are at home . . . a fact of which most mothers are quite aware. Why not plan to take your youngsters shopping this week? Your TIMES merchants have a fine selection of merchandise that should really make a hit with the younger generation.

WESTLAKE MUSIC CENTER is continuing their inventory clearance . . . and for your youngsters there is a good selection of children's records at special prices . . . children's 78's, regularly $1 are 4 for $1, and children's albums, formerly $3.98, now $2.98.

For particularly smart outfits for both boys and girls in your family do visit LASS AND LASSIE SHOP in Westlake which is a shop for children exclusively. We were quite taken with the boy's sport suits . . . snappy striped jackets with harmonizing slacks . . . and lovely pastel frocks for young miss in cotton, nylon and dacron.

Speaking of boys, MOSHER'S SHOES has a fine selection of shoes in a wide range of sizes for the young man in your family. One model we think he would especially like is a perforated winged-tip style featuring the continental sole, which should smartly complete his Easter wardrobe.

An important part of Easter for your offspring is Easter baskets. RELISH BAKERY in Daly City has some beautiful baskets gaily decked out in bright ribbons and filled with Easter eggs . . . or if you prefer, beautifully decorated baskets filled with delicious cookies in the shape of chicks and rabbits.

Big sisters and brothers are all taken care of for Easter but what about your little toddler? PENNEY'S is featuring an expanded boy's toddler department with 8 tables filled with the smartest boys' outfits . . . sizes 1 to 3 . . . long pants . . . short pants . . . university shirts just like Dad's to make your little pre-schooler a regular dandy in the Easter parade.

Speaking of toddlers we stopped by GRANTS to inquire about their new twin insurance policy. When a customer visits GRANT'S infant department and purchases an item for baby-to-be she is given a card which lists her purchases. Everytime the mother-to-be makes a purchase, a notation is made on the card. If she has twins, the W. T. GRANT CO. will duplicate layette purchased before the event.

During vacation your children will probably have more time to watch television. If your picture tube isn't as clear as it should be, we suggest calling PENINSULA TV SERVICE. They specialize in TV service and are open from 9 a.m. to 9 p.m., Monday through Saturday.

For your youngsters, what is more fun, and beneficial too, than dancing lessons. This vacation week is a good time to stop by MASON-KAHN DANCE STUDIO, 6235 Mission, and inquire about lessons in ballet, jazz tap and acrobatics. Mrs. Kahn told us that they particularly encourage parents to visit the classes. For information about the time of classes, telephone PL 5-4545.

For your small fry, chocolate Easter bunnies are an especially favorite. DALY CITY DRUG CO. is featuring chocolate rabbits with marshmallow centers in all different sizes . . . also a fine selection of beautifully boxed Easter candy.

If you have been so busy decking out the youngsters, in Easter finery, you may feel your budget won't reach for yourself. But it will if you shop at GLEASON'S in Daly City where they have just received a new shipment of the new modified chemise styled by Jonathan Logan, in lovely prints, and all the new pastels.

If you are making Easter dinner at home . . . an important part of any holiday menu is wine. For a good selection of brands and varieties, visit WINSTON SUPER in South San Francisco.

A delightful tradition with many families is going out together for Easter breakfast. GRANT'S CHARCOAL BROILER, located at 34th Ave. and Sloat, is featuring a special family Easter brunch from 9 a.m. to 2 p.m.

Father Thomas F. Regan Appointed Catholic Social Service Director

Appointment of Father Thomas F. Regan, M.S.W., as full-time director of Catholic Social Service of San Mateo County was announced today by Archbishop John J. Mitty. He succeeds Father Gerald F. Cox in the San Mateo directorship. Father Cox, in turn, succeeds Father Regan as associate director of Hanna Boys Center in Sonoma.

The change, effective next week, is a return to San Mateo County for Father Regan. In 1945, he joined Hanna Center, then in Menlo Park. When the new Hanna Center opened in Sonoma in 1949, Father Regan moved with the institution as associate director. Besides his social service duties, Father Regan has been assigned by the Archbishop to residence at the Church of the Immaculate Heart of Mary in Belmont, where Father John J. Kenny is pastor.

FATHER REGAN
. . . appointed

Born in San Francisco, Father Regan was graduated from St. Ignatius High School. He finished St. Joseph's College in Mountain View and was ordained a Catholic priest from St. Patrick's Seminary, Menlo Park, in 1941.

After service as assistant pastor of St. Paul's Church in San Francisco, Father Regan was sent by Archbishop Mitty to postgraduate study at the National Catholic School of Social Service, Catholic University of America. He graduated with the degree of Master of Science, Social Work.

Catholic Social Service of San Mateo County maintains offices at 112 North San Mateo drive, San Mateo. Its professionally trained social workers handle marital and child-parent counseling, child placement, foster homes, problems of unwed mothers and similar welfare activities. The staff under Father Regan includes Miss Ana Bosch, executive secretary; Misses Ruth Heintz, Patricia O'Neill and Jean Wilhoit and Mrs. Elizabeth Nugent, case-workers; Mrs. Elaine Malone, secretary-receptionist. Superior Judge Louis B. Dematteis is chairman of the board of Catholic Social Service, and Mrs. Charles McKeever is president of the Auxiliary of Catholic Social Service, whose volunteers give administrative assistance in agency work.

MOTOR MOUNTIES

The famed Canadian Royal Mounted Police use more automobiles than horses, reports the California State Automobile Association.

O give thanks unto the Lord, for He is good: because His mercy endureth for ever. —(Psalm 118, 1.)

Throughout all ages and all eternity, Almighty God seeks the soul of His children — seeking to fill our lives with the joy that comes from His good, His loving-kindness, His strength and His mercy. We create our own utter misery by wilfully turning away from Him.

Motor Vehicle Registration In Penalty Stage

Department of Motor Vehicles has notified traffic law enforcement agencies throughout the state that registration of vehicles for 1958 is now complete, and laws requiring display of current stickers and registration cards may be enforced.

Paul Mason, Director of Motor Vehicles, said in Sacramento: "Records of the vehicle registration renewal for this year are complete several weeks ahead of the announced date last year. When those few motorists whose registrations present unusual problems requiring further processing are stopped, they should be able to show receipts, official correspondence, or 1958 stickers indicating that they have applied for current registration."

Mason reminded new residents whose cars have been registered in other states to give special attention to the statutory expiration dates of their out-of-state plates. Any grace period allowed by a former home state that issued such plates cannot be recognized in California, under legal rulings that prevail here. Upon the statutory expiration date of out-of-state plates, California registration fees become due. If the vehicle owner does not apply for registration here within 30 days thereafter, the fees are increased by penalties.

"The safest thing for a new resident to do is to check the date when his plates expire by law in the state that issued them, without regard for any grace period allowed there," Mason said. "He should also apply promptly for registration in California."

Despite a 26-point splurge by Al Patsel, Native Sons of the Golden West last Thursday raced to a 67-58 win over strong VFW to take undisputed lead in the DC Adult Basketball loop.

Third straight for the unbeaten Native Sons featured Al Martino's 17 points and 15 off the fingers of Bob Leibe, former City rec supervisor.

Another powerhouse, the L. C. Smith five, took Thursday's first game at War Memorial, dumping Green Lantern, 53-42. Ex-Jeff High sensation Don Delbon, the Brisbane flash, sparked the comeback for the Smithmen. He and George Walker, former Cal mainstay, shared point honors with 14 apiece. Gerald Pult of the Lanterners hit for 15.

Tuesday last week, St. Francis Creamery stopped the SF Post Office, 63-60, and Hunter's Point Super tripped Automotive Twins, 61-59.

Larry Pottinger, College of San Mateo star out of Jeff, bagged 23 points for St. Francis. Tom Overton, with 20, and Fletcher Sims, with 15, led the losers.

George Campbell sparked the Hunter's Point victory with a 20-point effort. Doug North had 19 and Mal McCormick 18. Fifteen points by Jimmy Sochor was his team's high.

YWCA To Offer Mosaics Class For DC Adults

Making mosaics as a craft is intriguing men as well as women. So the YWCA is opening a class in mosaics to both men and women starting Monday evening, April 7, at the War Memorial building in Daly City. Tom Stevens, artist and teacher, will show students how to use natural materials as well as tiles in their own designs and compositions.

Other YWCA classes open to men as well as women in the North San Mateo County area are Watercolor, Modern Dance, and Dog Obedience Training.

The watercolor class, also taught by Stevens, is for beginning artists and it will include the study of form, color, shading and depth. This class meets on Thursday evenings at the same time and place as the mosaics class.

A new course in Modern Dance will open soon under the direction of Mrs. Maxine Sheets. A talented dancer, Mrs. Sheets has a masters degree in dance and was a former instructor at U.C.L.A. and Michigan State University.

Each person works with his own dog in the Dog Obedience Training class, which starts a new series April 7, on Monday evenings from 7 to 8 p.m. in Westlake Park. Fred M. Wills Jr., a professional dog trainer, will teach the owner of each dog how to handle him, to teach him the basic commands of heel, sit, and stay.

2 Westmoor Girls To Attend 'State' Confab At Davis

Arlene Hansen, with Judy Johnson as her alternate, has been selected to attend Girls' State at the University of California, Davis campus, from June 23 to July 1.

To encourage and develop a deeper interest in, and study of the problems of government beyond what the girls get in high schools, the American Legion Auxiliary Girls' State has been founded.

Girls will register according to political parties and conduct all elections according to the existing laws of California.

PRESIDENT REPORTS

300 Police League Athletes Keep Busy

Even bad weather isn't stopping the more than 300 youngsters in Daly City's Police Athletic League.

President John Coleman today said his kids are keeping active in the weekly boxing, basketball and wrestling classes. Outdoor soccer, however, has been victimized by the drizzle.

The PAL boxers, victorious over Vallemar last month, in about three weeks will square off against South City PAL small fry.

Coleman said both clubs would meet on Saturday night, April 12, for a get-together swim at Jeff High pool.

Rental of the pool ($35 a night) will be taken care of by PAL's latest contributor, the Italian-American Club of DC-Colma.

Coleman and directors will field a baseball team for SF League play this summer, with boys 9, 10 and 11 eligible. The head man figures it will cost at least $400 to uniform his nine and provide adequate equipment.

Boys interested in the PAL baseball squad should contact Coleman at the station, 75 Wellington, or call any officer, PL 5-0850.

Merchants or sponsors interested in the project are encouraged to do likewise.

Coleman added that this summer the PAL will field a softball team, composed of lads aged 6, 7 and 8.

City's Baseball Diamonds 'Ready' By Next Monday

City department of parks and recreation announced today that the Marchbanks Park and the Westlake Park ball diamonds will be ready for use beginning next Monday, one week later than anticipated.

The delay was caused by the heavy rains and parks division crews have not had an opportunity to prepare the turf and soil properly.

Organizations and groups wishing to use the facilities may obtain reservations by calling PL 5-0850, extension 18.

The city has completed several new improvements at the Marchbanks baseball diamond, including refurbished dug-outs and new backstops.

Westmoor Coach Fills Big Gap At Shortstop

Solving his shortstop "problem" last week, Coach Rod Losberger is more optimistic as his Westmoor varsity nine awaits long-delayed Peninsula League action.

Soph Danny O'Connor patroled shortstop flawlessly in the Rams' 3-2 practice win over Washington High last week. The effort, Losberger says, convinced him his infield has finally jelled.

The Rams host Hillsdale in a makeup next Tuesday, followed by a Friday road game at Burlingame. If it comes off, the Tuesday scrap will mark Westmoor's PL debut.

Losberger's best to date are outfielder Rich Hottal, with a .350 plate mark for 10 exhibition games, and hurlers Bob Goodwin, Phil Fair and portsider Bill Fosbery. Injured Ray West, the Rams leading flinger may be ready in another week.

Coach Bob Watt has entered a two-mile relay unit of Felix Valdez, Don Snider, Al Davila and Charles Rivera, and 440 and 880 relay teams composed of Sonny Martinez, Len Lamendola, Pat Abbott and Doug Burch.

Next Tuesday, Westmoor meets South City there, followed by a Friday duel with Jefferson at Jeff.

San Pedro Bowlers End In 3rd Place

Postman Rings, His Truck Rolls, Police Prevail

Improper "curbing" of his post office truck gave a 25-year-old San Francisco man a traffic citation and a Westlake house a quake-like jolt Tuesday morning.

Andrew Enos admitted to police he left the mail truck running after he parked in front of 47 Lake Meadow drive about 10:55 a.m. Upon returning from a C.O.D. call, he discovered his truck had "vanished."

A witness said the vehicle rolled about 300 feet down hill and crashed into the closed garage door at 56 Glenrose. The truck came to a battering halt at the other end of the garage, wrecking utilities for major damage.

In issuing the citation, Officer Richard Phillips confirmed that the truck's handbrake was not set, causing the run-away episode.

RIORDAN GUILD TO SELECT NEW OFFICERS

Riordan Guild will hold its monthly meeting on Tuesday evening, April 15, at 8 p.m., in the school auditorium. Change of date is due to Easter Vacation. "Our Lady of the Pillar Study Club," conducted by Father Leonard Thome, S.M., will be held on April 24, at 8 p.m. in room 107.

THE PRICE OF GAS

Don't be discouraged by what seems to be the high price of gas these days, advises the National Automobile Club. Things could be worse, much worse. Over in Italy you'd have to pay 92 cents for a gallon of premium gasoline, 86 cents for a gallon of regular. In other European countries you'd have to pay anywhere from 53 to 91 cents per gallon. Add to this some import duties and taxes and the total is almost enough to make you get out and walk.

LEADING Jeff High in the Peninsula League pennant chase this spring are second sacker Ino Patron (left) and outfielder Barrie Haanen. Both earned All-North Peninsula honors on Steve Mezzera's '57 title winner. Patron is a two-time all-leaguer.

Rain Cancels Tourney Play By Indian Nine

Jeff High baseballers rested on their oars this week as third annual South San Francisco Invitational tourney went down the drain.

Coach Steve Mezzera's locals last Friday were rained out of league action — for the third time—at Hillsdale.

Heavy downpours the past weeks have set Peninsula League spring sports critically behind schedule. Hardball coaches will have to shuffle their books to finish on time.

Next week, Friday afternoon, the Indians meet University of California Frosh at Berkeley.

Facing their former teammates will be ex-Mezzera mainstays Bill Strassburger, Tom Cloutier and Mike Wedlake, all Bear yearlings.

Last week the Indians registered a 3-1, seven-inning practice win over Balboa of SF here. Gary Ryan went the route, allowing eight hits and fanning seven. Barrie Haanen collected two of the six Indian hits.

Bob St. Clair, Van Alstyne In Charity Contest

Both lineups are sprinkled with familiar names of local sports standouts.

STRENGTH FOR THESE DAYS from The Bible

If for all your evil you know how to give your children what is good, how much more will your Father give the Holy Spirit from Heaven to those who ask Him?—(St. Luke 11, 13.)

First we ask our Father, Almighty and Eternal God, for the gift of His love, in true and humble devotion. Then, knowing in faith that it is ours, we begin to live a new life that is joyous and useful in His service, in love and brotherhood.
